NOW PREPARED FOR SUMMER VISITORS

Resorts in and Adjacent to Salt Lake City Make Many Improvements.

EXPENSIVE CHANGES AT THE OUTING PLACES

Saltair, Wandamere and Other Resorts Ready to Throw Open Gates.

When the summer resorts around Salt i.ske City are thrown open Decoration day, the public will be much surprised and pleased at improvements which have been made during the winter months. Every resort has added from one to ten new features to attract the amusement seeking public, and all are striving to make each place the best.

Probably the greatest amount of improvements has been made at Saltair, where nearly \$50,000 has been spent in adding new attractions and in other ways fixing up for the coming summer. Heretofore the lower floor on the Saltair pavilion has been badly crowded at train times and on big days it has been almost impossible to move about at all on the floor. This problem has been entirely eliminated, by the building of many hundreds of feet of platform around the outer walls. The space between the main pavilion and the theater building has all been built in and this is also true of the space around the roller coaster, giving almost double the room on the lower floor.

Expedite Bathing.

Expedite Bathing.

The system of handling the bathing crowds has also been changed, and much improved. In seasons past the entrance to the bath house has been hadly congested by the ingoing and outgoing crowds. This year bathers will go in one entrance and come out another and in this way the two crowds will be kept apart. Four hundred bath houses have been taken from the end of the row and brought up to shallow water. At the present time the water around the pavilion is about three feet deep.

The rolling stock of the company has The rolling stock of the company has been entirely overhauled and made new. From thirty to forty two trains a day will be run in both directions, and all will be electric lighted. The management intends that order shall be preserved on the trains, and this year an officer will accompany each train and if necessary each car. The music for the senson will be furnished by Held's band of twenty-five pieces. A new hanging band stand has been erected at the south end of the dancing pavilion the south end of the dancing pavilion and the old trouble of not being able to hear the music will be obviated. At the bicycle track there will be two race the bicycle track there will be two race meets a week and possibly more. Band concerts will be given on the lower floor every evening during the dinner hour. The entire pavilion has been treated to a new coat of paint and is looking fine. But little remains to be done before the resort is ready for business.

At Wandamere Manager McClelland has spent a good deal of money and lime in improving this popular family resort. At the race track a new ainder path, 120 yards in length, has been installed for the use of the athietes. On the west end of the lake a frush water bathing pool, 200 by 50 feet, has been put in. The water ranges from three and a half to seven

The lovers of tennis will find Wandamere an ideal place this summer. Here six fine tennis courts have been made, and will be kept in excellent condition not will be kept in excellent condition for the use of the patrons of the resort. Manager McClelland has had the golf players in mind, and has fixed up limits for their use. Besides these new attractions there will be the old popular merry-go-round for the children, an electric theater, chutes, boating and daucing.

At the mouth of Emigration canyon, about four miles east of the city, there

At the mouth of Emigration canyon, shout four miles east of the city, there has been a new resort built, which will be known as "Emigration Canyon Inn." This will be opened to the public about June 1. The new resort will be under the management of the H. Wagner Brewing company, and was built at a cost of \$10,000. The new Emigration canyon railroad will be completed in about thirty days, and people will experience no trouble in going to and from the place.

Tasteful Building. Tasteful Building.

In the main building will be an excellent dance floor, a new up-to-date cafe and a fine bar. The building is constructed of concrete, and is of the bungalow type, with a wide porch on the south side, fitted up with tables for the convenience of the visitors. On the west side, leading up to the saloon, will be a rustic arbor, where the hot hours of the day may be spent in absolute comfort. The grounds surrounding the building have been improved to a great extent, and a baseball field and tennis courts have been made. Several years ago there was a garden at the brewery, but on account of the poor means of transpor-In the main building will be an exaccount of the poor means of transpor-tation it lost popular favor. Manager Bergerman of Lagoon says Manager Bergerman of Lagoon says that during the winter \$25,000 has been spent on improvements and that the "prettiest spot in Utah" will be better and more attractive than ever. One of the new features is a Japanese tea garden, which has been erected on a platform built over the lake. The house and all its furnishings are of bamboo and is fitted up entirely in Japanese style. In order to carry out the effect as far as possible, Mr. Bergerman has imported a number of Japanese water fowl, which have been placed on the lake.

The fresh water bathing pool is another new attraction at Lagoon. The pool is 100 yards in length by eighty vards wide, and ranges from two to six feet in depth. There have been several hundred bath houses erected and fitted up with shower baths. The water for the pool is supplied by natural aprings.

All of the buildings at the resort have been repainted and repaired. The dance loor has been put in excellent shape and is ready to accommodate the big rowd that is expected Decoration day. The eafe has been remodeled and will be under the management of Joe Sands. The resort will have an hourly train service every day all during the summer.

Have You Ever Stopped to Think About Your Health?

Are you as well, strong and vigorous you used to be? Are you sometimes discouraged, and think you'll never be any better? Can you tell the cause of your trou ole, or what makes you sick!

Do you know that about nine-tenths of all sickness is caused by kidney trou-ble?

Have you ever stopped to think that your kidneys may be the cause of your poor health? Most people do not realize how much ork the kidneys are required to do

every day. Every drop of blood in the body must pass through and be filtered by the kidneys thousands of times a day.

How can they do their work well if they are sick? If your kidneys need treatment, Dr Kilmer's Swamp-Root will prove to be just the medicine you need.

If you will write to Dr. Kilmer & Co., Binghamton, N. Y., every reader of this paper, who has not already tried Swamp-Root, the great Kidney, Liver and Bladder Remedy, may receive a sample bottle by mail, absolutely free.

MRS. HYDE ROBBED BY "MISS RAFFLES"

Pretty Domestic Works Clever Game in Home of Alonzo E. Hyde, Jr.

SHOWS FASTIDIOUS TASTE IN SELECTING PLUNDER

Twenty-Three-Year-Old Girl in Jail for Grand Larceny and Forgery.

Miss Alice Thompson—she gave her name to the police that way—pretty, petite, vivacious and charming, was possessed of an inordinate desire for fashionable clothes. She also wanted some fewelry so badly that she simply yearned for it. And when one yearns for anything one is apt to do something. Miss Alice did, anyway. Her desire led her astray. Monday night she was lodged in a cell in the city jail, charged with grand larceny and forgery.

Miss Alice was only a domestic at the home of Mr. and Mrs. Alonzo E. Hyde, Jr., 955 East First South street, hyde, Jr., 955° East First South street, but even domestics are human as other people, and like fashionable gowns and handsome jewelry. Mrs. Hyde has both—no, she did have both, rather. Miss Alice became a domestic at the Hyde home three weeks ago. In that capacity she had frequent opportunities to examine and admire Mrs. Hyde's examine and admire Mrs. ties to examine and admire Mrs. Hyde's exquisite gowns and jewelry. In Mrs. Hyde's absence from the house she even went so far as to try on a few of the choicest of the choice gowns. To bring out the effect of the gowns better. Miss Alice also bedecked herself with some of Mrs. Hyde's most precious jewelry. The effect was simply stunning, irresistible. Miss Alice's admiration sharpened into covernments and led her to be into covetousness, and led her come a "Miss Raffles."

Fastidious in Selection.

Fastidious in Selection.

Either Saturday or Sunday, in the absence of Mrs. Hyde, Miss Alice bundled up several of her employer's fine gowns, selected a number of pretty jewels from a jewel case, among them a bandsome pair of opera glasses, and, showing a decided partiality for lingerie with fluffy ruffles, picked out four or five pieces of garments, stuffed the whole, valued at \$350, into Mrs. Hyde's \$40 alligator suit case, and carried them away.

Miss Thompson, or whoever she is, although she was a domestic, knows some prominent people here, and has had entre into some old families in Salt Lake City. Falling upon some of these, she told them she was going to leave town in a day or so, and left the gowns and jewelry with them until she should be ready to go. Sunday afternoon about 4 o'clock she took French leave of her situation as domestic.

Mrs. Hyde did not miss her gowns and jewelry until late Sunday night. Monday morning Special Detective George A. Sheets was called in.

"She was small, with black hair and brown eyes, and decidedly pretty," Mrs. Hyde told him, "and she has my prettiest gowns and some of my finest jewelry." Here the description of the pretty "Miss Raffles" almost ended in tears.

The special detective nodded his head, then he climbed into Mr. Hyde's automobile—Mr. Hyde is general manager of the Biscuit Mining company which Miss Alice for some reason didn't take, and rode all day. The clever lit-tle thief evaded him, however, until nightfall. Then he located her at 459 West Eighth South street and invited her to accompany him in the automobile to the police station. Miss Alice ob-jected with a fascinating little pucker of her delicate lips, but accepted. There, after two or three hours of "conversa-tion" with her "escort," she told

"I was getting ready to leave the city," she pouted, "and if I had once gotten out of town you never, never could have got me. I wouldn't have taken the things, only I didn't think you had a detective on the police force

Then the deluge. The round about compliment to the big detective trailed off into tears. After Miss Alice's grief had assuaged itself she was lodged in a cell in the city jail, where she passed the night.

Miss Thompson also is a forger, it appears. She is charged with tearing four blanks from Mr. Hyde's checkbook, drawing four checks on Mrs. Hyde's bank account in favor of herself, and cashing them at the Godbe-Pitts, Smith's. Halliday's and the Lion drug stores. One check was for \$4, one for \$3 and two for \$6 each, making a total of \$19.

Miss Thompson says she came here from Rene a few months ago. This is not believed to be her real name by the police. She was born and reared in the southern part of the State, it is told, and has moved in the best society. Her people are said to be eminently respectable and comfortably situated. She is twenty three years old.

What Mr. Hyde's disposition is in the case is not known, as he and his family refuse to discuss it. Detective Sheets recovered all of the goods, however, and it is likely that the prosecution will be stayed.

A round trip along our city streets, especially South Temple and Second South streets and First and Second avenues, will make a person feel better after having spent his time at a desk or counter occupying himself with counting money or anything else connected with such dead affairs.

To see the beautiful lawns, to see the shrubs and trees, adorned with flowers of all shades, and leaves of green in the first stage of virgin beauty, it should inspire an admiring reverence for the great powers of nature, majestic and wonderful in its accomplishments, being able to transform dormant branches into exhibitions of beauty and art, as no human creature is able to initiate in the least. Mrs. Montgomery asked the police to hold Montgomery until this morning, when she will swear to a complaint against him. She says she is going to have the property divided equally between them and then leave him. So anxious was she to have the separation brought about and break the bonds between her and Montgomery that she asked Chief Pitt to divide the property then and there. Chief Pitt modestly declined.

Montgomery, when searched, broke down and cried. On him was \$116 and a hank book showing deposits of \$500 each week since February, when he opened an account at the Commercial National bank. He runs a small grocery store on East Sixth South street.

tee, and a gubernatorial possibility, spent Monday in Sait Lake City. He arrived in the morning, but left on the midnight train for the North. Mr. Brady expressed himself as thoroughly satisfied with the action of the recent convention. Regarding the failure of the State convention to send the Congressional delegation back to Chicago next June, Mr. Brady stated that he had noticed criticism of the convention for this act, but he feit that it was only right to divide honors among the lay members of the party as well as those who held the high positions. In line with this, Mr. Brady said he thought that Senator Heyburn was stronger than ever with the people and there was absolutely no doubt but that Mr. Heyburn will be returned to the Senate next January, when the Legislature is in session.

The northern delegates, B. F. O'Nell and Judge Warren Truit, will go over the Northern Pacific to Chicago. The southern delegates, Bishop John W. Hart, E. H. Heigho, C. C. Cavanaugh and Mr. Brady, will leave over the Oregon Short Line June 19.

E. H. Heigho, C. C. Cavanaugh and Mr. Brady, will leave over the Oregon Short Line June 19.

Concerning possible action of the Democratic convention, and the status of that party, Mr. Brady declared that, if the Mormon element secured control, the Republicans would carry the State by 30,000, and in case Senator Dubols retained control of the organization, he thought the figure might be a little larger. Mr. Brady was rather of the opinion that his party had full control of affairs and that the other side would not make any trouble.

Nick Pruessing pleaded guilty to forgery in Judge Dlehi's court Monday afternoon, waived preliminary hearing, and was bound over to the District court. In default of \$500 buil he was remanded to the county sheriff's custody.

Pruessing expressed a decided aversion to the county isli on two grounds. First, he was almost starved to death there, he said, and then the rotary makes him "bughouse," whatever that is. In a note to Chief of Police Pitt, Monday morning, he expressed the desire to plead guilty and receive sentence before Judge Diehl, at once, and go at once to the State prison, and thus avoid the county jail.

Pruessing, six hours after he finished a ten-months' term for forgery and obtaining money under false pretenses, passed a bogus check upon the B. H. Townsend Brug company for \$20.
